SAFCO® Media Cabinet

Mix and store media any way you want with this versatile cabinet. Each drawer features adjustable dividers that accommodate 240 CDs in jewel cases, 52 videos, or 120 DVDs. Never worry about cabinet or drawer configurations again. Front-to-back steel rod dividers are fully adjustable in 1/2" increments, and bookend dividers are infinitely adjustable front-to-back. 6"H drawers have glides with full drawer extensions for smooth, quiet operation. Key lock secures all drawers. Steel fabrication dissipates static electricity and provides electromagnetic radiation protection. Optional base raises cabinet 5" off the floor. Constructed of sturdy, 18-gauge welded steel with wrap around corners and sturdy inner frame. Light gray baked enamel finish
